

AIS e ISA Italy Section organizzano il seminario:

WEBINAR COMBUSTION EFFICIENCY CONTROL gas analysis technologies and installation challenges

Thursday 10 December 2020

By streaming on Microsoft Teams

PRESENTATION

One hour webinar

Anyone who is involved in monitoring process heaters, thermal oxidisers, ethylene cracking furnaces, thermal power generation, incinerators, cremators, waste-to-energy plants, or associated processes including DeNOx Control/Ammonia Slip, Electrostatic Precipitator (ESP) Protection will benefit from this webinar.

REGISTRATION AND PARTICIPATION FEES:

The event is reserved for AIS – Isa Italy section members

Membership fees:

AIS Associazione Italiana Strumentisti: Euro 55,00

ISA Italy Section: Euro 130,00

In case of interest please contact our offices:

A.I.S_ ISA - Viale Campania 31 - 20133, Milano | tel. 0039 0254123816

[|ais@aisisa.it](mailto:ais@aisisa.it)

To finalize the registration you can pay:

- By credit card (PayPal) sent an e-mail at ais@aisisa.it

- By bank transfer :

Banca Intesa San Paolo Milano

IBAN IT 55 0030 6909 6061 0000 0119 766

SWIFT: BCITITMMXXX

BIC: 55

THE EVENT WILL TAKE PLACE IF THE MINIMUM NUMBER OF PARTICIPANTS IS REACHED

■■■ 10.00 - ITALIAN TIME

REGISTRATION OF PARTICIPANTS ENROLLED ON-LINE

■■■ 10,15- ITALIAN TIME

WEBINAR START

Anyone who is involved in monitoring process heaters, thermal oxidisers, ethylene cracking furnaces, thermal power generation, incinerators, cremators, waste-to-energy plants, or associated processes including DeNOx Control/Ammonia Slip, Electrostatic Precipitator (ESP) Protection will benefit from this webinar.

Servomex will guide you through on:

- Understanding combustion and combustion efficiency control
- Recognising typical combustion processes and applications
- Identifying the technologies and analysers best suited to combustion efficiency control
- Assessing the installation considerations and the impact on measurements.

SPEAKERS:

Matt Halsey, Application Development Manager at Servomex

Karen Gargallo, Application Manager at Servomex

■■■ 11,30- ITALIAN TIME

FINAL DEBATE & CONCLUSIONS

With the support of:

SERVOMEX 
a spectris company
